

PFL75

TECHNICAL DATA

CAPACITY:	80 kg
POWER SUPPLY:	Battery operated
LIFTING HEIGHT:	1290 mm
BASE LENGTH:	740 mm
BASE WIDTH:	690 mm
WEIGHT:	77 kg

Battery powered screw jack ♦ allows for precise height adjustment ♦ facilitates work on vulcanization and in the service ♦ equipped with forks, such a solution makes it easier assembly / disassembly of the wheel on the vehicle ♦ easy operation, wireless lift

**FOUR INDEPENDENT WHEELS****STABLE WHEEL HOLDER**
